CENTRAL SCHOOL

Canajoharie, New York 13317

February 26, 2010

To Whom It May Concern:

We use the Cigarette Buster smoking detector system in our high school. It is an effective tool in our effort to combat smoking in our building. It works by sensing smoking as soon as the cigarette is lit. Because the detector is made to look like a fire sprinkler and the alarm activates in the main office, the offender is not aware until caught. As a result of our use of this system, we have few if any instances of smoking in our school bathrooms. It has certainly been an effective deterrent.

Sincerely,

David E. Barnes, Principal
