To Whom It May Concern:

This is to certify that the Stealth Smoking Enforcement pager system has helped Clay H. S. enforce its no smoking policies throughout the building. Even though the system has been down for a couple of months now, the mere presence of the equipment has been deterrent enough. Parents used to complain all the time about their kids not being able to breathe in the restrooms because of other kids smoking. Since the installation of this system, we have had zero calls. It has helped us enforce our policies. We highly recommend this system to anyone who is trying to enforce no smoking throughout their building.

A handwritten signature in black ink, appearing to be "J. J. [unclear]", is written in a cursive style.
